

Weekly Report 2

Yiduo Ke

CS 4999 supervised by Professor Halpern

What I did

I finished almost all of the remaining reading – I read chapters 4-6 of Bonanno's textbook on game theory.

What I will do next week

I am a bit behind plan in that I planned on finishing all of the assigned reading this week but couldn't finish chapter 7. So next week I will read chapter 7 and do all the recommended exercises you sent me via email last week.
